

Canada That's My Home © V Kane-L Macbean

This is the country that I love that I dream of night and day
This is the land that I adore that I'll fight for come what may
Show me a valley breathlessly green
Closes place to heaven that you've ever seen

CANADA THAT'S MY HOME

Though I've been to many a land
None could I hold so dear
Nothing on earth could be so grand
As the love that binds me here
Show me a mountain kissed by the sky
A joyful old river that goes singing by

CANADA, CANADA THAT'S MY HOME

Though I've been to many a land
None could I hold so dear
Nothing on earth could be so grand
As the love that binds me here
Show me her people who'll brave any storm
With hope in their heart and a prayer in their soul
Show me my heaven from which I'll never roam

CANADA, CANADA, CANADA THAT'S MY HOME
