Beautiful Thing © R Salagan

Our love is such a sweet desire
We touch and set our hearts on fire
We say in every breathe we sing
Our love is such a beautiful thing.

So won't you sit at our table, and come and have a good time
Well don't it feel just like some days, everyone is so fine
You want to talk about Jesus; we want to talk about love
And all the things that should keep us, Close to the One above.

My soul I give to you entire
My heart I want to say's on fire
You are my only love's desire
To take: but never to acquire.

We want to sit at your table; we want to have a good time
We know it feels just like some days, everyone is so fine
We know you talk about Jesus; you know we talk about love
Well these are things that will keep us, Close to the One above

Lead.....

So come and sit at our table, come on and have a good time
We know it feels just like some days, everyone is so fine
We all talk about Jesus, We all talk about love
We know the things that will keep us, Closer to Him above
We all talk about Jesus; we all want to be loved
We all talk about Jesus; we all want to be loved.
