**Dream On** © R Salagan

Dream On little darling  
Let the wind blow in your hair  
And when the night fall's  
I'll be here with you

Dream On little darling  
Let the slumber fill your eyes  
And in the moonlight  
I'll be near to you

Who is the one that is asking me too?  
It's you and you know that it's true

Dream On little darling  
Let the nighttime take you in  
and when you wake up  
I'll be in your dreams

Instrumental.....

Who is the one that is asking me too?  
It's you and I know that it's true

Dream On little darling  
Let the nighttime take you there  
and when you wake up  
I'll be in your dreams  
and when you wake up  
I'll be in your dreams
