

**It Don't Matter To Me** © D Morley-R Salagan

It don't matter to me, every day that has just gone by I don't want to cry  
It don't matter to me, every doubt that can tie you down every road that you've been on  
What I want is all the good things that matter,  
All I need is not the good things to get bad-der, now  
Everywhere I go, I think of all my sorrows  
Everything I do I think of you, I'm thinking of me always  
All I want is but a chance to say I'm sorry  
All I need is just this chance to say I'm sorry.....

It don't matter to me, every day that you want to cry now just don't cry for me  
It don't matter to me, all the words that you've used on me no one ever sees  
All I want is but the things that really matter  
All I get is just the good things getting bad-der, now  
Everywhere we go, we think of all our sorrows  
Everything we do, we think of you, thinking of me always  
All we need is just a chance to say we're sorry  
All we want is just a brand new start of glory

Lead .....

All we need is just a chance to say we're sorry  
All we want is just a brand new start of glory

It don't matter to me, It don't matter to me, It don't matter to me  
It don't matter to me, I say it don't matter to me.....
