Until You © J Clément-R Salagan

I knew not the meaning of my life
Until I had taken you for my wife
I knew not the meaning of this time
Until the day that you became mine

I could not hear the birds a sing
Until you started wearing my ring
I could not smell the fragrance of the forest
Until you and I became the two of us

I could not absorb the rays of the sun
Until we finally became one
If for some reason you are taken away from me
This life will end and I will cease to be
(Yes I will)
This life will end and I will cease to be
(Yes I will)
My life will end
